

## 2026 Tuesday Night Bee PhD\* Challenge

### \*"Projects half Done" Project Registry

Name: \_\_\_\_\_

List 10 PhD's you want to work on this year. It can be something you want to start, or just a particular part of a larger project. You can even list a cleaning or organizing project. Bring the completed list to the January Bee meeting, along with whatever you have listed as #1. Please keep a copy or take a picture of your list with your phone.

Each month a number will be selected and during that month you will work on that project number. Bring it to the Bee meeting for show and tell.
